

## WHO'S THE BIGGEST CRANK?

The fellow who thinks That my house is not in danger of burning, I'm too careful with fire, or the fellow who says, "I've plenty of water handy and can put out the flames?"

We know it to be a fact that both of these men were caught napping. Their homes burned while they slept, in spite of the extra care and supply of water.

I can fix you so that you will be safe, even if you do get caught napping. A few dollars only, and I'll write you only the good kind of insurance.

"No other electricity Gives half as much felicity."

This was said of the kissaphone and doubtless is true, but we want to talk "shop," and not poetry. The only apology, however, we offer for the above lines is that the elegance of our stock suggests poetry.

We are showing with other lines,

Novelties in dress fabrics, Hemstitched silks, Silk waists in new colors, Tailor made suits, Spring wraps, Tailor made separate skirts, Rainy day skirts, Silk petticoats, Wrappers that don't rip, The swellest line of neckwear, White and colored aprons, Fancy hosiery, All the fads in belts, Pulley garters, Linen sheeting, Linen pillow casing, Pillow case ticking, Novelties in dress trimmings,

together with a complete line of men's furnishing goods.

A great deal of Western corn is now being brought to Tazewell by the car load. Even farmers, men with hundreds and some with thousands of acres of land, are buying Western corn. It is to be hoped that the farmers of Tazewell will do better this year, that is, increase the acreage of corn in the county and raise enough to supply the home market.

## BOERS FLANKED BY THE CAVALRY

In Full Retreat To The North and East.

### BEING CLOSELY FOLLOWED.

Roberts Says the Enemy Were Unprepared for a Flank Attack, and That the Movement Was Very Successful—A Flying Column of British Troops.

London, March 7.—Field Marshal Lord Roberts has telegraphed as follows:

"Osofontein, March 7.—4:30 p. m.—Our operations today promise to be a great success. The enemy occupied a position four miles north and eleven miles south of the Modder river. I placed General Colville's division on the north bank and General Kelly-Kenny's with cavalry, on the south bank. The cavalry division succeeded in turning the enemy's left flank, opening a road for the Sixth division, which is advancing without having been obliged to fire a shot up to the present time.

"The enemy are in full retreat towards the north and east. They are being closely followed by cavalry, horse artillery and mounted infantry, while Tucker's Seventh division, Colville's Ninth division and the Guard's Brigade under Pole-Carew are making their way across the river at Poplar's drift, where I propose to place my headquarters this evening.

"Our casualties will, I trust, be few, as the enemy were quite unprepared for being attacked by the flank and having their communications with Bloemfontein threatened."

Osofontein, March 7.—Lord Roberts' force advanced early this morning. General French turned the southern part of the forces of the Boers, who fled ineffectually, leaving a gun, immense quantities of forage and their tents. He is now in pursuit.

The Boers on the north bank are also evacuating their position.

My mother suffered with chronic diarrhoea for several months. She was attended by two physicians who at last pronounced her case hopeless. She procured one 25-cent bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and five doses gave her permanent relief. I take pleasure in recommending it as the best on the market.—MRS. F. E. WATSON, Aiken, Ala. Sold by JOHN E. JACKSON.
